An Introduction

Pythagoras, the 6th Century BC Greek philosopher and mathematician said 'The world is built upon the power of numbers'. His belief, that reality is mathematical, that order is created out of chaos through numbers, is the principle on which numerology is founded. Numbers exercise a significant influence upon our life and destiny. They are inherent and powerful forces that can be used to gain understanding of ourselves, our present and our future. Through the observation and understanding of one's unique numbers, we have the precious opportunity to gain greater insight into the nature of our personality, our strengths and our shortcomings.

Each number has a particular vibration. Your own number is the reason why you relate well to some people and for no apparent reason have a level of discomfort with some others. Each number is assigned to a planet. Numerology thus is the analysis of numbers, specifically one's date of birth, and the associated numerical values given to the letters of the alphabet, specifically one's name. It also examines such numbers and their extraordinary effects on one's life, its associated energy vibrations, along with the interpretation of such information to provide insight and guidance.

Power of your Number

Every number has a certain power which rests in an occult connection existing between the relations of things and the principles in nature, of which they are the expressions. This first took a demonstrable form when man evolved the numerical sequence 0 1 2 3 4 5 6 7 8 9, by whatever symbols it was expressed.

Your Primary number is 1. One symbolizes manifestation, assertion, the positive and active principle. It stands for the manifestation of the infinite and unmanifest. It represents the ego, self-assertion, positivity, egotism, separateness, selfhood, isolation, distinction self-reliance, dignity, and ruler-ship. In a religious sense, it symbolizes the Lord. In a philosophical and scientific sense, it indicates the synthesis and fundamental unity of things. In a material sense, it reflects the unit of life, the individual. It is the 0 made manifest. It is the symbol of the Sun. In an individual, it denotes individuality and possible egotism, self-reliance, affirmation, distinction. The key words associated with this number are unity, beginning, focus, concentration, goal-striving, action, independence, originality, courage, invention, leader, self-reliant, ambition, pioneer, will, conscious mind, and positivity.

Your Destiny number is 3. Three is the trilogy. It relates to the trinity of life, substance, and intelligence, of force, matter, and consciousness; creation, preservation, and resolution; the family – father, mother, and child; the three dimensions; the three postulates – the thinker, the thought, and the thing; duality reflected in consciousness, as in time and space, making a trinity of states, as the past, present, and future; therefore, it is an extension of the self; the self-extensive faculty; volition; procedure; penetration. It is the symbol of Mars. In an individual, it denotes expansion, increase, intellectual capacity, riches and success. The key words associated with this number are trinity, union of divine plus human, manifestation, positive, negative and neutral, expression, subconscious mind/imagination, creative, optimistic, enthusiasm, expressive, charming, humor, fun, attractive, and friendly.

Primary Number

Your Primary number is simply your numeric birthday. It is one of the best spiritual tools which help in self discovery and gaining insight into one's world. Everything in the Universe vibrates, and carries a vibration frequency. The significations ascribed to your primary number, indicate your natural characteristics and basic personality traits.

Your Primary Number is 1

The number 1 symbolizes the Sun. It is the basis for all life. It makes you creative, strongly individualistic and positive. You are steady and firm and keep to your promises. You possess a lot of inner strength and will power. You can easily overcome any weakness in yourself. You have very defined views about everything, and this makes you somewhat obstinate also. Your personal desires and needs are also very strong.

There is a deep potential inside you for accomplishing financial gains. You like to spend on material needs.

You have lion like qualities within you. You create your own path and tread forward fearlessly. You have good leadership ability and administrative skills. You are ambitious, and do not depend on others. You strive hard and try to attain high positions. You prefer working independently and are uncomfortable working under others. You are also not happy with interference from others. You like to be respected and looked up to. Even in your social circle, you earn honor and respect. Being independent allows you to make good use of your inborn talents and leadership abilities. This will bring up more opportunities for you to attain the goals that you have set up for yourself.

Patience is a good virtue that you use to your advantage. You understand the value of a good education. You have a trusting nature and can get cheated with ease. You may be prone to sudden spurts of anger, but that is momentary. You however take time to forgive your enemies. You are self centered but do not show it to others. In fact you can be very helpful to others, when you wish to. You like simplicity and truth.

If you lack a sense of balance in life, you may find it hard to be independent. However you will have to work hard on this, in order to grow and evolve. You should also avoid being over bearing and consumed by your own importance. You should be open to ideas and other viewpoints also.

Blood related ailments may also trouble you off and on.

You should try to do all your important work and execute plans and ideas on all days that vibrate to your own number, such as on the 1st, 10th, 19th, or 28th of any month, especially in the periods from 21st July to 28th August, and from 21st March to the 28th April.

The days of the week most fortunate for you are Sunday and Monday, and especially so, if it coincides with 1st, 2nd, 4th, 7th, 10th, 13th, 16th, 19th, 20th, 22nd, 25th, 29th, 31st.

You get along well with persons with primary numbers 2, 3, 4, 7, 8, 9. You do not have good

relations with persons having primary numbers 5, 6. As per Sepharial, you vibrate to persons with 9, attract persons with 4, 8, disagree with persons having 6, 7 and are passive to persons with 2, 3, 5. As per Cheiro, you have a friendly relationship with persons having 2, 4, 7.

The most auspicious colors for you are shades of gold, yellow, brown and bronze.

Destiny Number

Your Destiny Number is the sum of your birth date. It determines the purpose, and direction of your life and how it will manifest. It gives you a broad outline of the opportunities, challenges, and lessons you will encounter in this lifetime. It helps you determine how to make the most out of these opportunities.

Your Destiny Number is 3

The number Three is symbolic of Jupiter. Under the influence of this number, you will be religious, charitable, large hearted, of good character. You are knowledgeable, educated, philanthropic, quiet in temperament, and known to be ethical and truthful. You seem to draw good fortune to yourself in whatever you attempt to do. With the help of your wit and intellect, you can converse on many subjects and speak with charm and grace. People naturally want to follow you, but you prefer to remain unattached. You rely on the admiration of others rather than your own beliefs about yourself. Self discipline and imposing discipline on others is your prime focus. You use your intellect and are capable of getting work done by deputation to your juniors.

You are a person whose life has a creative side. You are sparkling with charm, full of enthusiasm in life and are willing to share it with everyone. You are multi talented but in spite of being a natural winner, you can be flighty. On the off side, your sense of independence makes you extremely proud, and you hate obligations of any kind.

You are interested in social and political causes and never hesitate in participating in social work, if the need arises. You have an interest in religion and religious rituals. Jupiter is known for its benevolence in wealth and property. So you will accumulate good assets in the course of your work and business. You will enjoy the ownership of land, vehicles and wealth. You will enjoy doing knowledge and science related work, because it allows you to apply your experience and knowledge in order to attain honor, fame and wealth.

To conclude, you must try to be cheerful and optimistic, sociable, confident, conscientious, proud, creative, and articulate. You should try to avoid being superficial, dictatorial, vain, boastful, pessimistic, extravagant, and prone to gossiping.

Your destiny will tread the upwards graph at the age of twenty one, ascend further at thirty and give you complete results at the age of thirty nine. The years 12, 21, 30, 39, 48, 57, 66, 75 will prove to be fortunate and auspicious for you. Significant events will take place in your life in the year 1974, 1983, 1992, 2001, 2010, 2019, 2028, 2037, 2046, 2055, 2064.

Travel

While travelling, select hotel rooms with numbers that add up to 1.

Health

You may suffer from heart related ailments in the latter part of your life. Blood related ailments may also trouble you off and on. The other probable ailments are diphtheria, indigestion, arthritis, hyper tension, heart attack, nerve problems and eye ailments. You should appease the planet Sun in order to get reprieve and relief from these. You should also eat once a day only on Sundays. The food should be salt less.

Remedies

यथा धेनु सहस्रेषु वत्सो विन्दन्ति मातृम्।
तथा पूर्वा कृतम् कर्मम् कर्तार मनुजजाति।।

The above shloka means that just as a calf can find its mother from a herd of thousand cows, similarly your karmas can follow you in every birth that you take. It is one's deeds that decide one's karmas. Remedies are those deeds which lower the intensity of negative results and guide you in the dark moments of life. Your primary number, destiny number, name number and number chart influence you in many different ways. One or more of these may be favorable or unfavorable for you. A favorable number does not require any remedial measures. But if a number persistently gives you negative results, then remedial measures can bring some level of relief. There are many different types of remedies that can be followed to alleviate pain.

Offering prayers to the planetary deity

Offering prayers with deep faith to the planetary deity helps you overcome all hardships and enjoy happiness, prosperity and a long life. Your personal spiritual healing and transformation contributes positively to your mental uplifting. Mantra recitation is also part of the worship. A mantra assumes that each planet or its driving-force is sentient and our prayer will move it to forgive our sins and increase its' stored energy in our body.

Your planetary deity is Sun, who is appeased by offering water (containing roli and rice). If this is not possible have a daily darshan of a ruby ring engraved in gold. On Sundays, you should observe a fast and eat salt less food only, once a day. The fast should be done regularly for 52, 30 or 12 Sundays. Wear red clothes and offer water (in a copper vessel, containing roli, rice, red sandalwood, red flowers and dooba) to the Sun. A Surya Yantra can be worn or placed in the place of worship. Recite the Surya mantra thereafter using a red bead rosary.

Gayatri Mantra: To be recited everyday 11, 21 or 108 times after the morning bath.

ॐ आदित्याय विद्महे प्रभाकराय धीमहि तन्नो सूर्यः प्रचोदयात्।

Dhyan Mantra: To be recited in the morning on waking up, keeping the image of God in mind.

जपा कुसुम संकाशं काश्यपेयं महद्युतिम्।
तमोऽरिं सर्वपापघ्नं प्रणतोऽस्मि दिवाकरम्।।

Graha Mantra: This mantra is recited to appease an unfavorable Sun. It should be recited 108 times everyday for 60 days.

ॐ ह्रां ह्रीं ह्रौं सः सूर्याय नमः।।

Gemstone

Gemstones are known for their therapeutic healing ability. Symbolic of peace, prosperity and happiness, they are known to give direction to human destiny. Their structural vibrations strengthen planetary powers, by enhancing the individual cosmic aura, inducing energy in the

associated area of life, and activating the all-pervasive divine influence present in each one of us.

Ruby is the gemstone suitable for you. The secondary gemstones that can be worn are Red Spinel, Red Garnet, Rubellite. This should be set in gold, and worn on a Sunday in the ring finger.

Herbal Ablution

Herbal ablution or aushadhi snaan consists of adding powdered herbs to one's bath water. It helps overcome the effects of troublesome planets and improves our health and general well-being. It has the potential to affect our chakras and make them less vulnerable to the effects of planets. Some special herbs can block or modify the absorption of malefic planetary energies. However the effect of this remedy is slow and gradual. For appeasement of all planets, kuttha khilla, kangni, mustard, devdaru, turmeric and lodha should be powdered and added to the bath water.

The special herbs for persons relating to the number one are kaner, dupahariya, naagarmotha, devdaaru, mainsail, saffron, cardamom, mahua flower, padmakh, sugandha bala etc. Powder these and add them to the bath water every Sunday.

Healing Herbs

Healing Herbs are generally used for their medicinal qualities and cosmic energy. They reduce the malefic effects of planets.

On Sunday, tie a one inch long root of the bilvapatra plant in a pink thread around the right arm or put it inside a gold or copper charm (taabeez) and wear it round the neck.

Charity

By doing charity and dedicating it to a planet, we can work with the energy of the planet and help diminish its negative effects on us. Planetary charity is not just for planets that are afflicted, but can be used to good effect with all planets. To appease your planet, you need to donate the following - Wheat grain, jaggery, red sandalwood, red clothes, gold, ruby.

Color

It is interesting to note that each planet influences a particular color of light in the spectrum. Our skin controls absorption of various energies, one of them being light energy. You should try to increase the use of the following colors in your daily life - Golden Yellow, Copper.

You do well at work in areas where cooperation and teamwork are required. Successful collaboration on a plan, coordination with others, and successfully reaching agreements on common goals are likely to occur now.

3-August-2014

This is a happy time for you, and you may feel like you have just got your freedom. You will shun boring activities and will find something more entertaining to do.

4-August-2014

Your creative instinct combined with your enthusiasm sow the seeds of a new project. Your ideas will be appreciated and welcomed.

5-August-2014

This is not the best time to do government related work. Payments may get blocked adding to your frustration. Be patient, as this will take time to get sorted out.

6-August-2014

If you are involved in a new project, you may be wanting to invest more into it. You should postpone this expenditure for the time being and work on some other aspects first.

7-August-2014

Be proactive so that you gain recognition and support from your superiors. Your life goals, direction, or career aims take preference now. You gain a stronger sense of purpose, which energizes your efforts to get ahead or move towards what you really want.

8-August-2014

Emotional inclination and personal bias cause errors in judgment. You are prone to mood swings and keep changing your mind. Have candid discussions with friends and family. This

will help.

9-August-2014

Your thoughts are all about love, romance and relationships. This is a favorable time to bring out any concerns you have in your personal affairs.

10-August-2014

There may be a direct confrontation about a long forgotten matter. Some unresolved issues in personal relationships are stirred up and there may be a painful interaction and exchange of words.

11-August-2014

A particular philosophy or belief can be an enlightening experience for you to evolve further. Do not be rigid, but prepare yourself for this transformation.

12-August-2014

Relations with others flow smoothly. Your vitality and personal impact on others is good now and you will gain attention without trying to receive some special recognition.

13-August-2014

You enjoy art, theatre and music. Your imagination is vivid. You can take on the world. You feel like dancing on for ever. In other words, go out and participate in artistic activities.
